

Thank you for your recent purchase of EASY LIFT.

What's Included:

- EASY LIFT SHADE 35 3/4" x 64" with patented cutting scale

## 1 – TOOLS

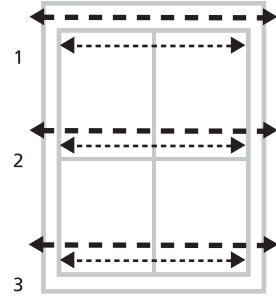

## 2 – MEASURE

- Measure your window in 3 locations.  
Use the smallest measurement.  
***Please note our patented cutting scale already takes into account the clearance deduction.***

Outside Mount

## 3 – TRIM

- Position the knife blade at an angle on the edge of the rail at your measurement.  
*No clearance deduction needed; it's already included.*
- Press firmly to cut through plastic rail and fabric
- Once one side is trimmed, turn the shade around and trim the other end at the same measurement.

## 4 – INSTALL

Peel to remove the adhesive liner.

Press firmly in place.
